*“Reading is important, because if you can read, you can learn anything about everything and everything about anything.”*

– Tomie dePaola

## Engaging the Whole Reader

We believe that during the earliest stages of a reader’s journey, it is essential to establish a positive attitude toward reading and to equip the student with the necessary skills to read with confidence and independence. Books are our tools to provide meaningful reading, writing, and speaking experiences that empower and motivate students to read.

# Culturally Diverse Classroom Libraries

RICH & ENGAGING LITERATURE PROMOTING EQUITY & INCLUSION

Schoolwide's carefully curated classroom libraries for Grades K-8 are aligned to current standards and research and support teachers in the effective implementation of instructional best practices. Our collections also place great emphasis on diversity, inclusion, and social and emotional competencies. Each library contains a true balance of fiction and nonfiction genres at grade-appropriate reading levels, with titles students can read independently, as well as selections at higher levels to challenge and motivate.

## Windows, Mirrors, & Sliding Glass Doors Classroom Libraries

In support of Rudine Sims Bishop's thinking surrounding books as windows, mirrors, and sliding glass doors, we believe it is extremely important for children to see themselves in books, and to learn about the lives, cultures, and experiences of others through literature. Our mission is to always choose diverse books by diverse authors, curate inclusive classroom libraries, and partner with publishers that place a strong emphasis on the intersection of identity and diversity. These collections each include over 100 books per grade and 4 portable canvas book totes.

## Celebrating Diversity Mini-Libraries & Culturally Diverse Mentor Texts

Each library includes a wonderful selection of mentor and leveled texts across a range of genres, including fiction, nonfiction, and poetry, that promote diversity and the effective implementation of instructional best practices in the areas of reading, writing, social studies, and social and emotional learning. There are 40 books in each Mini-Library, designed to support whole class instruction, as well as independent and guided practice.

Our Culturally Diverse Mentor Texts include a collection of multi-genre books to be shared through whole class instruction, promoting learning experiences that reflect and celebrate all people.

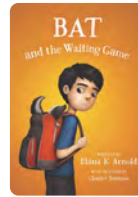

Browse our [Literacy-Rich Classroom Library](#) collections on the following pages with books that spotlight and celebrate identity, diversity, and inclusion.
